

# Sunrise Family Clinic

GP Review Letter

Patient: Maria Gonzalez

Date of birth: 20 November 1945

Room: 107

## **RESULTS**

Thyroid blood test: TSH raised, showing her thyroid dose is too low.

## **MEDICATION CHANGES**

Levothyroxine increased from 50 mcg to 75 mcg once daily at 06:30, 30 minutes before breakfast.

Please update the medication record.

Continue tiotropium 18 mcg daily and salbutamol 100 mcg as needed.

## **FOLLOW-UP**

Repeat thyroid blood test in 6 weeks.
