

# Sunrise Care Home

Facility Policy | Medication Administration

Policy number: CH-03

Applies to: all staff trained to give medication

## ***THE FIVE RIGHTS***

Right resident, right medication, right dose, right route, right time. Check the allergy list before any new medication.

## ***MISSED OR REFUSED DOSES***

Never give a double dose to make up for a missed one. Record the missed or refused dose and tell the nurse on duty, who decides what to do.

## ***AS-NEEDED (PRN) MEDICATION***

PRN medication needs nurse approval each time. Record the time, dose and reason.

## ***ERRORS***

Report any medication error to the nurse on duty immediately, even if the resident seems well.
